

PoE++ Injector

Linkit PoE++ Injector 10Gb 90W 802.11at/af/bt

Product number: LI-POEIN10G-90W

Product Description

LI-POEIN10G-90W is a compact, single-port mid-span injector designed to deliver high-performance, cost-effective power over Ethernet. Fully compliant with IEEE 802.3af/at/bt standards, it provides up to 90W of power, making it ideal for a wide range of applications including base stations, high-speed 10G network equipment, wireless LAN/WAN access points, IP security cameras, and VoIP phones.

By eliminating the need for separate AC/DC power supplies and cables, LI-POEIN10G-90W simplifies deployment, reduces installation costs, and ensures a safe, reliable, and space-efficient solution that integrates seamlessly with existing Ethernet infrastructure.

Main Specifications

Brand	LinkIT
Measurement (LxWxH)	144x57x40mm

Extended Specifications

Operating Humidity	Storage: Maximum 95%, non-condensing
Operating Temperature	-20 ~ 55°C
Storage Temperature	-25 ~ 70°C
Standards	IEEE 802.3 10Base-T Ethernet IEEE 802.3u 100Base-Tx Fast Ethernet IEEE 802.3af/at/bt Power over Ethernet
Max power	90Watts
Certifications	CE, RoHS, FCC
