

USB 2.0

LinkIT USB 2.0 A-A M / F shot 0.2 m

Double screened 2 x28 / 2 x 24 AWG

Product number: CUSBAmAf-002

Product Description

This cable has a male USB A connector on one end and a female USB A connector on the other, so shorter USB A cables can be extended while providing exceptional quality and reliability. The cable stain has copper conductors and drain wire with an aluminum foil protection, which ensures a USB cable with high performance. Both connectors are made of nickel and have strain relief to prevent the cables from splitting, while providing optimal performance and protection. This high-performance USB extension cable is ideal for extending USB cables that are too short and can be used in various applications, such as connecting devices that require charging, power or data to be transferred.
