

## Fiber Accessories

### LinkIT FTTH Distribution box 4 cores IP65 | For 4 fiber adapters

Product number: FTTH-BOX-OUT-3

## Product Description

The LinkIT FTTH Distribution Box is designed for both indoor and outdoor use, offering a robust and secure solution for fiber optic cable management in FTTH (Fiber to the Home) applications. With IP65 rated protection, it ensures dust and water resistance, making it ideal for a wide range of telecommunications and networking installations. This box can accommodate 4 fiber adapters (sold separately) and includes 1 x 4-blockless PLC splitter, ensuring seamless optical signal distribution.
