

## DAC/AOC/QSFP

### LinkIT DAC SFP+ 10Gbps 1m Ubiquiti

Passiv, AWG 30, SFF-8402, SFF-8432

Product number: LI-0099-010D-U

## Product Description

Fully compatible with all SFP + interfaces and backward compatible with SFP. Corresponds to SFF-8431 industry standard. 100 Ohm differential impedance. Allows transmission of 10 Gbit / s per channel. Optimized PCB interface for crosstalk reduction and attenuation (interference and signal attenuation). Improved EMI shielding. EEPROM with Ubiquiti coding. Lower costs and consumption compared to fiber connections.

## Main Specifications

Brand	LinkIT
Color	Black
Length (m)	1
Category	SFP+ DAC
Connector type 1	SFP+
Connector type 2	SFP+
Active/Passive	passive
Network cable type	Network cable

## Extended Specifications

AWG wire size	30
Transmission speed	10Gbps
Halogenfree	X
Standards	Ubiquiti UDC-1
Bending radius (mm)	7,5
Temperature	0 to 70°C (32 to 158°F)
Certifications	CE, RoHS
