

## Camera

### Stoltzen Argos UC250 FaceTracking Camera USB2.0 VideoSoundbar with AutoTracking

Product number: UC250

## Product Description

Stoltzen Argos UC250 is a ePTZ conference camera designed for offices and small huddle rooms (up to approx. 6 persons). With a wide 94 ° field of view, the UC250 makes every seat at the table visible. The integrated microphones and speakers are optimized for medium-sized rooms and deliver an exceptional sound experience.

Camera also has AutoFraming and FaceTracking, and will keep the speaker in the center. No need for driver installation or additional software. Works on most UC platforms.

The device is equipped with a 3A sound algorithm that ensures optimal sound in all meetings.

Acoustic Echo Canceling (AEC), Automatic Gain Control (AGC), Active Noise Control (ANC, also known as Noise Reduction / Noise Reduction) are often referred to as 3A.
