

Wall Cabinet

LinkIT Wall Cabinet Hinged 9U Black
W600xD600xH501 | Glass - Hinged frame

Product number: LI-WRH60609B-G

Product Description

LinkIT Wall Cabinet is a robust and space-saving cabinet designed for professional network and IT installations. The cabinet features a tempered glass door with a solid frame, cylinder lock, and removable side panels with lock for easy access and increased security. Multiple cable entries on the top, bottom, and rear provide flexible installation and efficient cable management. Integrated grounding studs ensure safe operation. The cabinet is compatible with standard 19" rack equipment and is supplied with screws, cage nuts, and mounting tool for easy installation. Available in multiple heights, depths, and colors to suit various installation requirements. CE and RoHS compliant with a 10-year warranty.

Standard Mounting Depth (mm)	447
Grounding	With grounding studs, no grounding cable
Rail type	L Type
Rail number	4
Guarantee (years)	10
Certifications	CE, RoHS
Accessories	10 screws and cage nuts, 1 wrench

Single packaging

Unit	PCE
Height (cm)	56,1
Width (cm)	66
Length(cm)	66
Weight (kg)	27
Gross Weight (kg)	28,6

FMOM Documentation

Function: Professional 19" wall-mounted cabinets designed for secure installation of network, IT, and AV equipment with efficient cable routing and space-saving design.

Maintenance: Regularly inspect grounding points, locks, mounting rails, and removable panels. Clean glass surfaces and ventilation openings to maintain optimal airflow and operational safety.

Operation: Intended for indoor installation in technical rooms, offices, server environments, and structured cabling installations. Ensure correct load distribution and adequate ventilation during operation.

Management: Supplied with tempered glass door, cylinder lock, removable lockable side panels, grounding studs, cable entries on top, bottom, and rear, and mounting accessories including screws, cage nuts, and installation tool.
